"The Best of Both Worlds" Ultrasound

Positive performance for all aspects of beef production is demanded in our cowherd. We take birth weights, 205 day weights and weigh our calves as yearlings. We have performance EPD's, we ultrasound our entire registered calf crop (both bulls AND heifers) and we believe in the Angus ultrasound EPDs (because all good Angus breeders ultrasound and we

Arden and Jan Oleen - Dwight, KS

"The Best of Both Worlds" Carcass

Our firm belief in gathering performance information on all of our cattle has led us to be involved in several different venues. We are participants in the Kansas Carcass and Performance Test, National Reference Sire Program and are founding members of U.S. Premium
